Clean room marker

edding.

For permanent markings in clean-room and dust-free environments. Writes reliably on smooth surfaces, such as special clean-room paper, laminated paper and foil. Tip and shaft have been developed specially to prevent contamination with dust; this is why it contains no metallic parts and has no label or lettering.

- Round tip
- Wipe and water-proof
- Markings can be removed from all smooth surfaces with isopropyl alcohol
- Applications: Semi-conductor production, nano technology and optics/laser technology
