Skin protection

Skin protection ROTIPROTECT® cream

Petrasch.

Simultaneously protects and cares for the skin. Creates a water-repellant protective film. Promotes the regeneration of skin cells and preserves the natural acidic mantle of the skin. Contains silicone, essential fatty acids, allantoin and dextrorotatory lactic acid (dLA), pH 4.

Pack.	Art. No.	Pack Qty.	
55 g dispenser	0543.2	1 unit(s)	

Skin protection Sineprint® cream

Physiderm.

Skin protection cream made from natural active substances. Protects the hands, does not leave fingerprints and improves finger grip. Non-greasy, silicone-free, paraben-free.

Pack.	Art. No.	Pack Qty.	
100 ml tube	2987.1	1 unit(s)	

Skin protection Dualin® cream

Physiderm.

Protects against **non-water soluble** and **water soluble** substances and is therefore ideal for workplaces with different working materials. Absorbs into the skin quickly, is slightly perfumed, very hypoallergenic. Free of paraffin, silicone and paraben.

Pack.	Art. No.	Pack Qty.	
100 ml tube	P332.1	1 unit(s)	

Skin protection HERWESAN ALL-IN-ONE cream

HERWE.

No marks left behind when handling changing work materials in metal-working, as well as in areas such as plastics engineering, precision engineering and electrical engineering.

- Easy to spread, quickly absorbed O/W skin protection emulsion
- With a new film formation system against water-soluble and hydrophobic working materials
- Non-greasing and therefore a particularly good, comfortable grip following absorption
- Cost-effective dosing system
- Silicone-free

Pack.	Art. No.	Pack Qty.	
100 ml tube	KN04.1	1 unit(s)	

Skin protection HERWEDERM PROTECT SENSITIVE Gel

HERWE.

For imprint-free working and frequently changing work materials; also suitable for sensitive skin types. Universally applicable, for hands and face, recommended for extremely sensitive skin types.

Application in the food industry, hospitals, nursing and retirement homes and electrical engineering. Protection against colours, grease, damp/wet, resins, adhesives, paints, oil, tar-like substances, changing applications.

Easy to apply, absorbed quickly. pH-neutral, non-greasy, free from preservatives, parabens, silicone and dyes, unscented.

Pack.	Art. No.	Pack Qty.	
100 ml tube	YT47.1	1 unit(s)	

Skin protection

Skin protection HERWESAN ACQUA cream

HERWE.

Hydrophobic cream, emulsion type W/O. For handling aqueous substances such as water-based coolants, drilling emulsions, diluted bases, detergent solutions, alkali and acidic cleaners, cement, lime and mortar.

- Excellent protective effect
- High adhesive strength
- High oil content
- Slightly perfumed, silicone-free

Pack.	Art. No.	Pack Qty.	
100 ml tube	KAL5.1	1 unit(s)	

Skin protection and skin care LINDESA® cream

Physiaderm.

Oil-in-water emulsion containing natural beeswax and allantoin for care of the skin. For use in applications involving low stress on the skin or daily work in high humidity environments. Protects against skin damage and soothes irritated skin areas while smoothing and conditioning the skin. Suitable as an after work skin care cream or for conditioning stressed skin. Fast-absorbing, low-greasing, silicone-free, beeswax-scented or unscented.

Pack.	Art. No.	Pack Qty.	
50 ml tube	YY19.1	1 unit(s)	
100 ml tube	YY19.2	1 unit(s)	

Skin protection and skin care LINDESA® PURE PROFESSIONAL cream

Physiaderm.

Oil-in-water emulsion containing natural beeswax and allantoin for skin care. Suitable for everyday skincare. Protects against skin damage and soothes irritated skin areas while smoothing and conditioning the skin. Suitable as an after work skin care cream or for conditioning stressed skin. Contains paraben-free preservatives. Quickly absorbed by the skin, slightly oily, silicone and fragrance-free.

Pack.	Art. No.	Pack Qty.	
100 ml tube	KAX9.1	1 unit(s)	

Skin protection LINDESA® F PROFESSIONAL cream

Physiaderm.

Oily skin protection cream, W/O emulsion with natural beeswax. Prevents skin damage when working with water and when handling diluted surfactant solutions and diluted alkalis, e.g. washing and cleaning solutions. Also suitable for skin care after working when skin is highly degreased and for protecting against cold and frost. Perfumed, silicone-free.

Pack.	Art. No.	Pack Qty.	
100 ml tube	KAL1.1	1 unit(s)	

Skin protection

Skin protection LINDESA® K with chamomile cream

Physioderm.

Oil-in-water emulsion that contains natural beeswax and chamomile. Particularly suitable for working environments where leaving grease marks on surfaces must be avoided, e.g. when painting, in electrical manufacturing or the final inspection. Also suitable for caring for stressed skin. Strengthens the skin's defensive function and prevents skin damage caused by external stresses. Has a normalising effect on irritated skin.

Non-greasy, fast-absorbing, scented, silicone-free.

Pack.	Art. No.	Pack Qty.	
100 ml tube	EEE5.1	1 unit(s)	

Skin protection Saniwip® cream

Physioderm.

Skin protection cream that protects against skin damage caused by handling **water-soluble** working materials such as acids, bases, aqueous solvents and alcohols. Prevents the skin from becoming cracked. Suitable for use in foodstuffs processing. Also suitable for the care of highly stressed skin. Contains no fragrances or silicone.

Pack.	Art. No.	Pack Qty.	
100 ml tube	C785.1	1 unit(s)	

Skin protection physio UV 30 sun cream

Physioderm.

Skin protection cream for protection against exposure to UV-A, UV-B and UV-C radiation, with balanced protection factor UV-B 30/UVA 10.

Area of use: For protection against intensive natural UV radiation or artificial UV radiation sources.

- White, medium-moisturising W/O emulsion
- Waterproof, contains no fragrances, preservatives or petroleum
- With reflective titanium oxide UV filters (silicone coated)
- Vitamin E acetate combats ageing of the skin

Pack.	Art. No.	Pack Qty.	
100 ml tube	P346.1	1 unit(s)	

Skin protection Physioderm® PROGLOVE Gel

Physioderm.

Protects the skin against the effects of skin softening when wearing gloves and other occlusive protective clothing. Transparent fragrance- and grease-free gel containing alcohol. Hamamelis and chitin protect the upper layer of the skin while bisabolol and glycerine moisturise and soothe the skin. HACCP-compliant, perfume- and fragrance-free. Silicone- and grease-free.

Matching dispenser for AH81.2: YY16.1.

Pic.	Pack.	Art. No.	Pack Qty.	
(1)	100 ml tube	AH81.1	1 unit(s)	
(2)	1000 ml dispenser bottle	AH81.2	1 unit(s)	

Skin protection

Skin protection PROTEXSAN cream

Physioderm.

Protection against water-soluble and water-miscible substances (e.g. water-mixed oils and cooling lubricants, diluted acids and alkalis, alcohol, washing-up liquids and detergents, disinfectants, salts, and cement) and against free radicals.

- Contains luteolin, co-enzyme Q10 and vitamin E, as well as skin-related lipids
- Does not contain any aluminium salts, preservatives or emulsifiers
- Free from mineral oils, silicone-free, unscented
- Fast-absorbing
- ECARF-certified

Pack.	Art. No.	Pack Qty.	
50 ml tube	EEE6.1	1 unit(s)	

Skin protection HERWESAN DRY EMULSION

HERWE.

Protects against skin softening caused by wearing airtight clothing and mechanical stress on the skin, e.g. when wearing gloves.

Applications: For microelectronic work and when handling cardboard boxes.

- Non-greasing O/W emulsion
- Hardens corneal layers
- Non-greasing cream
- Reduces perspiration and protects against softening of the skin
- Increases wearing comfort of protective clothing
- Slightly perfumed, silicone-free

Pack.	Art. No.	Pack Qty.	
250 ml bottle	KN05.1	1 unit(s)	

Skin protection HERWESAN UV emulsion

HERWE.

Sun protection factor 30 (International SPF Test Method, Colipa).

Area of use: For protection against strong UV radiation or exposure to artificial radiation sources.

- White, slightly greasing, weak-fragrance O/W emulsion
- Waterproof and easy to spread on the skin, easily absorbed
- Silicone-free
- Contains inorganic UV protective pigments and special sunscreens, thus protecting the skin against harmful UV-A, -B, -C radiation
- Skin care properties through cosmetic oils and shea butter

Pack.	Art. No.	Pack Qty.	
100 ml tube	KN20.1	1 unit(s)	

Skin protection Baktolan® protect+ pure emulsion

BODE Chemie.

Water-in-oil-in-water emulsion, protects against aqueous solutions and revitalises cracked, hard-working skin. Protects the skin when performing tasks involving aqueous solutions. Can be used under gloves to counteract skin irritation due to occlusion. Suitable for use several times a day. Free of perfume, silicone and colourants.

Pack.	Art. No.	Pack Qty.	
100 ml tube	TE58.1	1 unit(s)	

Skin protection

Skin protection Marly Skin® foam

Marly Products.

Microfine foam penetrates the skin rapidly and forms a protective barrier against harmful and irritant substances. Protection for 4-6 hours. Suitable for use on the entire body, non-greasy, unnoticeable, economical in use. Ideal for use under gloves. Clinically tested.

Please note: The prescribed protective measures, e.g. wearing gloves, should still be taken.

Warning H229

Pack.	Art. No.	Pack Qty.	
50 ml spray bottle	2938.3	1 unit(s)	
100 ml spray bottle	2938.1	1 unit(s)	

Skin protection Sansibon® cream

Physioderm.

White, slightly oily, fast absorbing cream, suspension with skin protection pigments. Water-soluble skin protection cream, which protects against strongly adherent dirt and facilitates gentle skin cleaning using special emulsifiers. Protects the skin against intensive dirt or strongly adherent working materials (e.g. used oil, adhesives, resins, varnishes and paints).

- Perfumed, silicone-free
- pH-neutral
- No mineral oil or parabens

Pack.	Art. No.	Pack Qty.	
100 ml tube	KAL3.1	1 unit(s)	

Skin protection SANSIBAL® cream

Physioderm.

White, slightly greasing, fast-absorbing cream; emulsion type: O/W. Water-soluble skin protection cream, the solid substances of which form a separating and protective film after application. Offers protection when working with hydrophobic substances (e.g. oils, certain organic solvents, non-aqueous coolants).

Scented, silicone-free, pH-neutral.

Pack.	Art. No.	Pack Qty.	
100 ml tube	KAL2.1	1 unit(s)	

Skin protection HERWESAN UV 50 SPRAY

HERWE.

Highly effective UV protection spray for OUTDOOR use.

- Waterproof, transparent, non-greasy
- High UVB sun protection factor 50, balanced UVA protection
- Protection against UV-A and UV-B radiation (SPF 50)
- Extremely light, fast absorbing formulation, therefore ideally suited to use on large areas and parts of the body covered in hair
- Supplies the skin with Panthenol and Vitamin E
- Handy pump spray to allow it to be used all over the body (e.g. including the back and legs)
- Slightly perfumed, silicone-free

Pack.	Art. No.	Pack Qty.	
200 ml spray bottle	KAL7.1	1 unit(s)	

Tube holder Tubenboy®

Hausmann-Vertrieb. Material: ABS, SAN.

Highly robust. For complete emptying of all plastic and metal tubes. The tube can be stored upright. The current tube contents can be seen at any time. For tube widths up to 66 mm.
